Help STOP the Spread of COVID-19 at the Workplace!

Not only can employers help reduce the spread of COVID-19 at the workplace by implementing activities to help reduce transmission among employees & maintain a healthy work environment, employees can too! **EMPLOYEES PLAY A VERY IMPORTANT ROLE** in helping to reduce the spread of COVID-19 at the workplace & in our community.
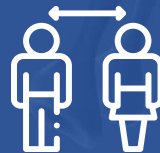

Take the needed steps to protect yourself & others at work!

Stay home if you are sick.

Wait to be screened before entering the building.

Maintain at least a **6 ft.** distance from others when possible.

Wear a facial covering/mask if a distance of at least 6 ft. cannot be maintained.

Wash your hands often with soap and water for at least 20 seconds.

If soap and water is not available, use hand sanitizer with 60% alcohol.

Attend virtual meetings, services, and other activities, if possible.

Clean frequently touched objects and surfaces, including your workspace

Thank you for all that you do!
