## California Public Health and Medical Emergency Operations Manual (EOM) Training

Participants completing this training will be introduced to:

- Processes outlined in the California Public Health and Medical Emergency Operations Manual designed to strengthen coordination within the medical Public Health and Medical System during public health and medical emergencies in Imperial County.
- EOM framework that supports effective information flow between local, regional, and State partners and supports efficient response when additional resources are needed during local emergencies.
- Role of key participants in the Public Health and Medical System during emergencies.
