

System Operations**Date: 07/01/2023****Fireline Emergency Medical Paramedic (FEMP)****Policy #4190****I. Purpose:**

- A. To establish the role, duties, and required equipment for EMS personnel to operate in the capacity of a Fireline Emergency Medical Paramedic (FEMP)
- B. To establish procedures for Fireline Emergency Medical Paramedic (FEMP) within or outside of Imperial County, when requested through the statewide Fire and Rescue Mutual Aid System.

II. Authority:

- A. California Emergency Medical Services, Health and Safety Code Division 2.5, Section 1797.204 and 1797.220 and California Code of Regulations, Title 22, Division 9, Chapter 4, Sections 100165, 100167.
- B. ICS Position Manual (Fireline EMT-P) 223-11

III. Policy:

- A. Under the authority of State regulation, a paramedic may render ALS care during emergency operations when the following conditions are met:
 - 1. The paramedic is currently licensed by the State of California.
 - 2. The paramedic is currently employed with an ALS provider within Imperial County.
 - 3. The paramedic is cleared for ALS care in Imperial County by the Imperial County Emergency Medical Services Agency.
 - 4. The paramedic possesses the necessary wildland skills, certifications, and equipment.
- B. All FEMPs shall complete the training requirements listed in the current California Incident Command Certification (CICCS) Qualification Guide for Fireline Paramedic.
- C. FEMPs shall remain under the Imperial County EMS paramedic scope of practice and medical control policies. In case of radio communication failure, FEMPs may follow **Base Hospital Contact Policy** if an immediate life-threatening ALS intervention is warranted.
- D. FEMPs may not perform skills outside of the Imperial County scope of practice.
- E. All ALS contacts shall be documented per **Patient Care Record Policy** and shall be submitted to Imperial County EMS for review and QA process.
- F. All controlled medication shall be obtained, secured, and inventoried as referenced in **Supply and Resupply of EMS Agencies Policy**.
- G. Minimum ALS inventory required for a Fireline Paramedic is listed on page 4 and 5 of this policy. This inventory shall be supplied by the paramedic's home agency.

System Operations

Date: 07/01/2023

Fireline Emergency Medical Paramedic (FEMP)

Policy #4190

1. This is a minimum required inventory. The Fireline Paramedic can carry all medications they are currently approved for use in Imperial County.
- H. Continuous quality assurance and improvement activities shall be in accordance with current Imperial County **Quality Assurance and Improvement Policy**.
- I. The EMS provider agency will notify the EMS Agency of the deployment of a FEMP to an incident, notification will include the names of providers deployed and the incident location and name.
- J. A FEMP will be paired with a Fireline EMT or another FEMP who will assist with patient care and supplies.

APPROVED:

Katherine Staats, M.D. FACEP

EMS Medical Director
