

## Water Quality Emergency Notification Plan With Drought Planning Elements

Name of Water System: \_\_\_\_\_ System No.: \_\_\_\_\_

Public Water System Type (CWS, NTNC, TNC): \_\_\_\_\_

Physical Location/Address: \_\_\_\_\_

The following persons have been designated to implement the plan upon notification by the Imperial County Environmental Health Division (EHD) or State Water Resources Control Board - Division of Drinking Water (DDW) that an imminent danger to the health of the water users exists:

Public Water System: Contact Name & Title	Email Address	Telephone	
		Day	Cell phone Number
1.			
2.			
3.			

The implementation of the plan will be carried out with the following Imperial County EHD or DDW personnel:

EHD & DDW		Email Address	Telephone	
Contact Name & Title			Day	Evening
1.	<b>Ashley Dummer, District Engineer</b> Division of Drinking Water, State Water Resources Control Board	<a href="mailto:Ashley.Dummer@waterboards.ca.gov">Ashley.Dummer@waterboards.ca.gov</a>	(619) 525-4021	(619) 209-9835
2.	<b>Imperial County EHD</b> Jeff Lamoure, Deputy Director	<a href="mailto:JeffLamoure@co.imperial.ca.us">JeffLamoure@co.imperial.ca.us</a>	(442) 265-1888	(760) 427-4855
	Jorge Perez, Manager	<a href="mailto:JorgePerez@co.imperial.ca.us">JorgePerez@co.imperial.ca.us</a>	(442) 265-1888	(760) 427-1190
	Daniel Gutierrez, EHS III	<a href="mailto:DanielGutierrez@co.imperial.ca.us">DanielGutierrez@co.imperial.ca.us</a>	(442) 265-1888	(760) 886-6361

**3. If the above personnel cannot be reached, contact:**

**Office of Emergency Services Warning Center (24 hrs) (800) 852-7550 or (916) 845-8911**  
 When reporting a water quality emergency to the Warning Center, please ask for the State Water Resources Control Board – Division of Drinking Water Duty Officer.

An appropriate method of notifying small water system users of imminent danger from unsafe water must be used. Users must be informed that water must not be consumed until it is safe to do so. Please acknowledge the methods you will use to notify your water system users in the event you must initiate your Emergency Notification Plan.

I propose to notify my water consumers by the following method(s):

- |  |   |
|--|---|
| <input type="checkbox"/> Post warnings in a conspicuous place  | <input type="checkbox"/> Shutting off all water |
| <input type="checkbox"/> Door to door contact  | <input type="checkbox"/> Written handouts       |
| <input type="checkbox"/> Telephone   |   |
| <input type="checkbox"/> I propose to notify my water consumers by the following alternative method: |   |

\_\_\_\_\_

Consideration must be given to special organizations (such as schools), non-English speaking groups, and outlying

water users. Ensure that the notification procedures you describe are practical and that you will be able to actually implement them in the event of an emergency.

Drought Planning Elements:

For systems with that serve between 15 to 200 service connections, please provide the following in the event of a severe water shortage or catastrophic water outage:

- Well driller contact for repairs: \_\_\_\_\_
- Provide the name of a CDPH approved\* water hauler: \_\_\_\_\_
- Provide your County OES contact: \_\_\_\_\_

\*CDPH approved list of water haulers:
