# COVID-19 – cambio de nivel

<https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/COVID-19/COVID19CountyMonitoringOverview.aspx>

Para avanzar a un nivel menos restrictivo:

1A. El condado debe haber estado en el nivel actual durante un mínimo de tres semanas.

2A. El condado debe cumplir con los criterios para pasar al siguiente nivel menos restrictivo durante las dos semanas consecutivas anteriores para poder avanzar al siguiente nivel; que se puede lograr mediante uno o una combinación de los criterios que se describen a continuación:

Cumplir con los criterios de la métrica Tasa de casos ajustada, Positividad de la prueba y Equidad de salud para un nivel menos restrictivo. El cumplimiento de los criterios para pasar al siguiente nivel menos restrictivo a través de la equidad en salud aceleró la progresión.

1era semana:

El Condado de Imperial cumplido con las métricas de la semana anterior

2nda semana:

Actualmente en la semana 2

El movimiento ocurre el miércoles después de que se anuncien las métricas

**Se debe cumplir con las métricas 2 semanas consecutivas  
El Condado permanece en morado**

**Si las métricas se cumplen, se pasa a rojo**

## Plan para una economía más segura

Última actualización 5 de marzo de 2021 a las 11:34 a. m.

## **¿Cuál es la ventana de elegibilidad para la reapertura de la escuela una vez que un condado ha cumplido con los criterios de estar en el Nivel Rojo o con una tasa de casos $\geq 25$ ?**

Las escuelas en los condados que han cumplido con los criterios relevantes para la reapertura de escuelas según la Guía del Estado K-12 tienen un período de tres semanas para abrir, comenzando el día en que el condado cumple con el criterio de reapertura, incluso si el condado deja de cumplir con el criterio durante ese período (es decir, la tasa de casos es  $\geq 25$  en un cálculo posterior o la asignación del condado vuelve al Nivel Morado durante esa ventana de tiempo). La ventana de tiempo se determinará de la siguiente manera: El primer día que se considera a un condado en el Nivel Rojo es el miércoles siguiente a que se anuncian y publican las asignaciones semanales del nivel del condado en el sitio web de Blueprint (martes). De manera similar, el primer día en que las escuelas primarias de un condado son elegibles para el proceso de reapertura de escuelas primarias es el miércoles después de que se publique una tasa de casos semanales de  $\geq 25$ . Por ejemplo, si un condado es asignado al Nivel Rojo el martes 9 de marzo, el primer día completo que el condado está en el Nivel Rojo es el miércoles 10 de marzo. La ventana de elegibilidad para la reapertura continuaría hasta el final del día el 30 de marzo, independientemente de cualquier cambio en la asignación del nivel Morado durante ese tiempo. El 31 de marzo, las escuelas de ese condado no podrían abrir si el condado hubiera vuelto al nivel Morado. Si el condado está en el Nivel Rojo el 31 de marzo, las escuelas siguen siendo elegibles para reabrir. El objetivo de la ventana de tres semanas es facilitar la reapertura escolar tranquila y segura.

# **COVID-19 and Reopening In-Person Instruction Framework & Public Health Guidance for K-12 Schools in California, 2020-2021 School Year**

**January 14, 2021**

**Table 1. School reopening actions for in-person instruction, by Blueprint Tier**

Yellow	Orange	Red	Purple
- CSP posted publicly for K-12 <sup>th</sup> grades 5 days prior to in-person instruction.	- CSP posted publicly for K-12 <sup>th</sup> grades 5 days prior to in-person instruction.	- CSP posted publicly for K-12 <sup>th</sup> grades 5 days prior to in-person instruction. - Schools may post the CSP while the county is in Purple tier.*	- <u>Already reopened</u> : CSP posted publicly by 02/01/21. <u>Not previously open</u> : - CSP posted publicly for K-6, and submitted concurrently to LHD and State Safe Schools for All Team. - 7 business days for review. - 7 <sup>th</sup> -12 <sup>th</sup> grade reopening not permitted if in this tier. - K-6 <sup>th</sup> grade reopening not permitted if CR $\geq$ 25*, though CSP can be posted and submitted for review. - Note: Targeted in-person instruction may be offered pursuant to the Cohorting Guidance.

\*Note three-week eligibility window for school re-opening noted above in “School re-opening eligibility window.” While not required, LEAs are strongly encouraged to post on their website, along with the CSP, the detailed plans describing how they will meet the requirements outlined in the CSP elements. This can provide transparency to school community members making decisions about participation in in-person learning.

The email address for submission of the CSP to the State Safe Schools for All Team is: [K12csp@cdph.ca.gov](mailto:K12csp@cdph.ca.gov)

CA Safe Schools for All

# State of California Safe Schools For All Hub

California's Safe Schools for All Plan provides the support and accountability to establish a clear path to minimize in-school transmissions and enable, first, a phased return to in-person instruction, and then ongoing safe in-person instruction.

The Safe Schools For All Hub consolidates key resources and information related to COVID-19 and schools. New resources will be added to the Hub on a routine basis.

# FDA Issues Emergency Use Authorization for Third COVID-19 Vaccine

Action Advances Fight Against COVID-19, Follows Comprehensive Evaluation of Available Safety, Effectiveness and Manufacturing Quality Information by FDA Career Scientists, Input from External Experts

For Immediate Release: February 27, 2021

Today, the U.S. Food and Drug Administration issued an emergency use authorization (EUA) for the third vaccine for the prevention of coronavirus disease 2019 (COVID-19) caused by severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2). The EUA allows the Janssen COVID-19 Vaccine to be distributed in the U.S. for use in individuals 18 years of age and older.

**"The authorization of this vaccine expands the availability of vaccines, the best medical prevention method for COVID-19, to help us in the fight against this pandemic, which has claimed over half a million lives in the United States," said Acting FDA Commissioner Janet Woodcock, M.D. "The FDA, through our open and transparent scientific review process, has now authorized three COVID-19 vaccines with the urgency called for during this pandemic, using the agency's rigorous standards for safety, effectiveness and manufacturing quality needed to support emergency use authorization."**

## 4 million J&J Covid vaccines ship out, Americans expected to receive shots within 2 days

"Within the next 24 to 48 hours, Americans should start receiving shots in arms," Johnson & Johnson's CEO said Monday morning.

[COVID-19 VACCINE FAQ](#)

The Federal Retail Pharmacy Program for COVID-19 Vaccination is currently available in all 50 states and territories, and 21 national pharmacy partners and independent pharmacies are providing COVID-19 vaccination across the United States. This program is one component of the federal government's overall strategy to vaccines for the American public. The program is being implemented in phases, starting with select retail pharmacy locations providing COVID-19 vaccine in January 2021. At this time, the program will expand to ultimately include all 40,000+ participating pharmacies.

## Why Pharmacies?

Pharmacists are highly trusted and trained healthcare providers who have direct access to and knowledge of their patient populations. Pharmacists are trained to counsel patients, administer vaccine, and provide vaccine education, and pharmacies are readily accessible in communities – with most Americans living within five miles of a pharmacy. Recognizing this, the federal government made them a key part of its COVID-19 vaccination strategy. While the program will ultimately include about 40,000 locations, it is currently available at approximately 10,000 locations.

# No baje la guardia...

- Quédese en casa si está enfermo
- Use cubrebocas
- Lávese las manos frecuentemente
- Evite las multitudes o aglomeraciones
- Manténgase a seis pies de distancia de los demás
- Limite el contacto con personas que no viven en su hogar
- Vacúnese
