

Plan Review Application

Water System Classification: Public State Small Other

The applicant must be aware that the submittal of a plan review application at the Division of Environmental Health does not negate or take the place of any required permit application with the Building Official having jurisdiction. The applicant must obtain 1.) Division approval and 2.) any required permit of the Building Official before beginning work on the proposed construction or remodeling. Please note that the Division will provide a copy of this plan review application to the Building Official for notification purposes.

PLAN REVIEW BILLING INFORMATION

Please note that water system plan reviews are charged on a time and materials basis for actual costs incurred by the Department. In most cases, a deposit is required to be paid at the time of plan submittal from which costs are paid to the Department. If the amount of the deposit proves inadequate to cover department costs, the individual indicated below would be billed the remaining balance after completion of the plan review. Any remaining deposit balance after completion of plan review will be credited or refunded. For very small projects, a deposit might not be required and the cost would be charged to the person indicated below after the review is completed.
